Director's Report

Annual Report 2024:

Dear Friends and Supporters,

As I prepare to step down from my role as Executive Director of Flinthills Services, Inc., I am filled with a profound sense of gratitude and reflection. This organization has been more than just a workplace for me; it has been a community, a family, and the promise of a meaningful future for people with intellectual and developmental disabilities in Butler County.

Over the years, I have had the privilege of witnessing firsthand the incredible impact of our collective efforts. Together, we have made strides in maintaining CARF accreditation since 2012, expanding residential sites in El Dorado and day services into Andover, growing our annual fundraiser, Burgers & Brew, and involvement in state and local advocacy resulting in significant rate increases for day, residential and targeted case management services. These accomplishments are a testament to the unwavering dedication of our staff, Board of Directors, and community stakeholders.

I am proud of what we have achieved together. From our annual Thanksgiving Luncheon to many memorable performances by the Rock & Rollers, each success has been a result of our shared vision and tireless work. It is your belief in our mission that has driven us forward and enabled us to overcome challenges and seize opportunities.

As I transition into retirement, I am confident that the future of Flinthills Services is in excellent hands. Our Board of Directors and the leadership team are not only capable but also passionate about continuing the work we have started. I have every faith that they will guide this organization to even greater heights.

I want to extend my deepest thanks to each of you—our supporters, partners, and community members. Your commitment and enthusiasm have been the cornerstone of our success. While my role may be changing, my belief in our mission and the incredible people behind it will remain steadfast.

Thank you for the memories, the achievements, and the shared journey. I look forward to watching from the sidelines as Flinthills Services, Inc. continues to make a difference in the lives of people with intellectual and developmental disabilities in our communities.

With heartfelt gratitude,

Kathy Walter
